This application contains claims 36-39 drawn to an invention nonelected without traverse in the reply filed as paper #13. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 30-35 are rejected under 35 U.S.C. 102(b) as being anticipated by Kowalski ('942). Kowalski ('942) discloses a door module comprising a frame portion (34) having guides for moving a window pane (36), a reinforcing element (the portion extending between elements (38) in Figure 2 which guides the window pane (36)), an assembly carrier (46) carrying a window lifter (44), a door body (the lower portion of the door module in Figure 2), at least one fixing node (the bolt-head 28 and bolt 59) wherein the at least one fixing node includes means for adjusting the position of the window frame (34) relative to the fixing node (59) and the assembly carrier about a longitudinal axis of the vehicle door.

Claims 1-29 are allowable.

The applicant's arguments have been considered but are not deemed persuasive. As discussed in detail above, Kowalski ('942) discloses a fixing node (the bolt-head and bolt (28 and 59)) being fixed relative to the frame (34) which moves relative thereto.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication should be directed to Jerry Redman at telephone number 703-308-2120.
